## **Returns:**

### **1: Abigael of Inishowen -New Device**

*[Field], on a pall between two birds rising respectant and a maple leaf four four-leaved clovers slipped purpure.*

Unfortunately, this must be returned for violation of SENA A.3.F.5, which states that “Depictions that require the careful description of the relative positions of charges, tinctures, etc. in order to produce a visual effect cannot be registered. Designs must be able to be described in standard heraldic terms to be registerable.” The green section in base is too low for a per chevron division, which would be centered along the fess line, above the lower prongs of the pall, and too high for a point pointed.

### **2: Caitrina MacDowell - New Device**

*Azure, a bend vert, overall an owl argent.*

This device must be returned for violation of SENA A.3.B.4.a, which states that “Charges must have good contrast with the background on which they are placed.” While the owl has excellent contrast with the field, the bend does not.
